

## The new era is here

Lovely children,

The seed of love of Mother Earth and the universe will grow now (!! ) in your hearts and your consciousness.

Now is the time which you have been waiting for so long. It is the time for us to understand the message of heaven and love in our hearts. It is also the time now to once more use your consciousness and to choose the path to ascend into the dimension of true love. So you decide for yourself to thank, to think and to act in resonance with the laws of the cosmos. Everyone is called to stand up and to act for himself and for the good of the community as well.

It is the time to find your inner peace and silence - your access to your soul and your higher self. This is where you can find the information and the guidance which you have so much been looking for on the outside. Be prepared to follow this voice unconditionally, and go on your own way.

Mother Earth, all the animals and plants, the entire nature with its four elements of fire, air, earth and water are already deep within the process to restructure and adjust themselves in form and shape to the new world. If you pay attention this the process of transformation is already visible in new shapes and colors in nature. Water, earth, air and fire rejuvenate, ridding themselves off all energies that do not correspond to the original substance.

Also, mankind is called to get rid of everything that does not correspond to the original soul. The new vibrations of love and your consciousness will prepare you to experience and live in future in the multi-dimensional levels of true love.

A complete new world is being created by this new kind of awareness. Your actions led by love enables you in a complete new manner to identify and understand the new - up to now unknown- unconscious structures of the quantum dimensions. As a result, all the old structures will overcome and healing can happen.
